Dear Mr. Fischer,

I would like to take this opportunity to inform you that the Ministry of the Environment has posted the final "Guideline C-4: The Management of Biomedical Waste in Ontario" on the Environmental Registry.

The Guideline has been revised to reflect comments received during the 60 day EBR comment period. The final Guideline provides clear direction about best management practices to generators, carriers and receivers of biomedical waste.

The final Guideline can be accessed via the Ministry of the Environment's web site at [www.ontario.ca/environment](http://www.ontario.ca/environment) by choosing "Environmental Registry" on the Ministry home page. You can access the proposal by typing "010-3864" in the EBR Registry Number Field.

For more information on the Guideline please contact Debra Hurst at (416) 314-4186.

Thank you for your continued engagement during the revision process.

Yours sincerely,

A handwritten signature in black ink, appearing to be "John Vidan".
