

## Drug Recall

---

June 22, 2010

Health Canada is advising Canadians that Vétoquinol N.-A., the distributor, has voluntarily expanded the December 2009 recall ([http://www.hc-sc.gc.ca/ahc-asc/media/advisories-avis/2009/2009\\_212-eng.php](http://www.hc-sc.gc.ca/ahc-asc/media/advisories-avis/2009/2009_212-eng.php)) of the prescription veterinary drug Longisil (DIN 00461679) to include one new lot, due to an unusually high number of reports of allergic reactions in animals treated with this lot.
