

## **COLLEGE OF VETERINARIANS OF ONTARIO**

### **Registrar**

The College of Veterinarians of Ontario (the College) is the oldest self-regulatory organization for Veterinarians in Canada and regulates one of the largest veterinary memberships in North America. Based in Guelph, Ontario, the College's mandate is to protect the public interest through the oversight of quality and standards in the practice of veterinary medicine.

Working with a Council of thirteen elected members and five public members appointed by the Lieutenant Governor in Council, you will promote the mission of the College and lead a staff of dedicated professionals. Through your enlightened leadership, the College will administer registration and accreditation requirements, investigate concerns about members and members' facilities and oversee the complaints and disciplinary processes. Externally, you will be the College's spokesperson and build strong relationships with the membership, government bodies, other regulatory associations, stakeholders and associations in the veterinary medicine and food safety sectors, and the public.

With demonstrated general management expertise in highly visible complex environments and deep understanding of the management of a regulatory professional association or regulatory college, the ideal candidate is a very progressive leader with superior communication, relationship building, change management and employee engagement skills. A background in veterinary medicine is an asset.

This is an exceptional opportunity to contribute to the protection of the public interest. To express your interest in this opportunity please send your resume in confidence to:
